

To Whom It May Concern:

I am writing to apply for the Senior Manager of Marketing position currently available at Belluscura. For the past 10 years I have worked in both clinical and research segments in bionformatics, clinical diagnostics and life sciences. My ability to bring diverse teams together to achieve a common goal, as well as my knowledge of how to manage projects and personnel has resulted in two promotions over the last 4 years.

My resume demonstrates my ability to execute on programs that help to drive revenue and support products at various stages in the life cycle. In addition, I have several colleagues who can attest to my professionalism, leadership and team contributor roles in the "Recommendations" section of my LinkedIn profile.

I would like to work in a mid-sized organization that will allow me to be creative, passionate that what I do makes a difference, and work with others to share a common vision of success.

I look forward to hearing from you to learn more about career opportunities in your organization. Thank you for your time and consideration.

Regards,

Lissa Nakhwa
